Vote:	Fischer	yea
	Shryock	yea
	Lee	yea

## CR 3 & CR 383 Traffic Sign Changes

Mr. Frederick T. Wachtel, County Engineer attended the meeting to discuss changes to traffic signs on CR 3 and CR 383. He presented the Commissioners with a map of the intersection of CR 3 and 383. He would like to remove the triangle off CR 383 that connects CR 3. Due to visibility issues, he feels it would be best to block off the leg that cuts across to CR 3 from CR 383. He would also like to move the stop sign from CR 3 and move it to CR 383. He feels this has probably been a safety issue and does not know why it is there. He asked the Commissioners to go out and take a look at this and see if they are in agreement with his request. Mr. Lee stated that he is familiar with this area and he is in agreement with Mr. Wachtel's suggestions. Mr. Wachtel stated that they will have to do a little work on the intersection to make the apron turn a little wider. The Commissioners stated that they are aware of the area he is talking about and they are in agreement that he should go talk with the landowners to determine any issues with them before proceeding. The Commissioners are in agreement with this thought process.

Mr. Wachtel then gave an update on the SR 541 Bridge and cloverleaf. He stated that it will take approximately 3 construction seasons to finish this project.

## Discussion – JFS Parking Space

Mr. Keith White attended the meeting to request the Commissioners block off a small parking space at Job and Family Services (DJFS) as they are opening a BBQ restaurant, Your Best Breakfast and BBQ in the building in front of DJFS and need this space as the fire code requires a certain amount of distance from their smoker to the vehicles as well as they would like to hold BBQ bashes in this area. He stated that the smoker will be located on their property however, they need the very small parking space at the end of the DJFS lot. He is requesting the Commissioners permission to utilize this spot and they will need written permission to utilize this spot and cone it off when necessary. The Commissioners stated that they have looked at the spot and understand what he is requesting.
