

Lost or Destroyed Warrants
(Effective September 8, 2015)

Purpose: If the event a warrant issued by the county auditor is lost or destroyed before it is paid by the treasurer, a procedure must be established whereby the amount due may be recovered by the legal owner or custodian. *The purpose of this policy is to ensure that necessary records, documents and information are maintained and that warrants are not re-issued without safeguards that county funds are paid only in accordance with law.*

Basic Principals and Standards: There is no specific statutory authority governing the issues of replacement warrants. As a practical matter, the Auditor in the performance of statutory duties, should issue duplicate warrants when there is clear evidence that the original warrant has been lost or destroyed and will not be presented to the county treasury for payment.

Procedures: Recipient must complete an affidavit describing the warrant, setting forth the fact of the loss or destruction of the warrant and describing the circumstances under which the Recipient believes a replacement warrant should be issued.

A recipient must wait a minimum of 15 days for a payroll warrant or 60 days for any other type warrant after the issuance date of the original warrant before a replacement warrant can be issued. This waiting period may be waived if the original warrant is returned to the Auditor. The Recipient must provide identification and a valid mailing address before the Warrant will be re-issued and mailed.

Before issuing a replacement warrant, Auditor employees will first verify that the original warrant has not been cashed. Auditor employees shall notify the Treasurer that a replacement warrant was issued.

Guidelines for Authorized Signers

Proper identification and/or supporting documents must be presented establishing authority of the affiant to request a replacement warrant. Signatures on the Affidavit for Lost or Destroyed Warrants shall comply with the following guidelines:
