## TODAY'S AGENDA

# Mandated Public Health Services Programs

The following are mandated by Ohio Revised Code or Ohio Administrative Code

- Animal Bites<sup>•</sup>
- Body Art<sup>\*</sup>
- Campgrounds<sup>\*</sup>
- Food Safety<sup>\*</sup>
- Nuisance Inspections<sup>•</sup>
- Private Water Systems<sup>\*</sup>
- Resident Day Camps<sup>\*</sup>
- School Inspections<sup>•</sup>
- Sewage Program<sup>\*</sup>
- Swimming Pools<sup>\*</sup>
- Tobacco/Smoking Enforcement<sup>•</sup>
- Vital Statistics<sup>\*</sup>
- Child Fatality Review Board<sup>•</sup>
- Infectious Disease Surveillance<sup>•</sup>
- Lead Case Management<sup>•</sup>
- Accreditation<sup>•</sup>

- <sup>•</sup> Unfunded Mandated Service
- <sup>\*</sup> Revenue Received

1

## Other Services Provided

- Health Education/Promotion<sup>\*</sup>
- Public Health Emergency Preparedness<sup>\*</sup>
- Rabies Surveillance Program
- Solid Waste Program<sup>•</sup>
- Immunizations
- Adult Clinic<sup>•</sup>
- Maternal & Child Health Clinic<sup>••</sup>
- Complex Medical Help (CMH) Program<sup>•</sup>
- Women, Infants, & Children (WIC) Supplemental Nutrition Program<sup>\*</sup>
- Project DAWN (Deaths Avoided with Naloxone)<sup>•</sup>
- Ohio Buckeyes Buckles (Car Seat Program)<sup>•</sup>
- Prevent Blindness<sup>•</sup>
- Southeastern Ohio Breast & Cervical Cancer Project<sup>•</sup>
- Mobile Home Park Inspections<sup>•</sup>
- Septic Repair Program<sup>\*</sup>

- <sup>•</sup> Revenue to support itself
- <sup>\*</sup> Grant funding received
- <sup>•</sup> Resources received

1

# Funding Sources

- Grants:
  - Ohio Department of Health
  - United Way of Coshocton

CPHD will have 3 grants end in 2029, with no replacement opportunities

- Township/Budget Committee

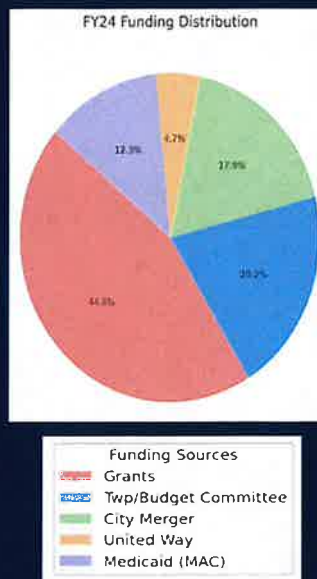

- Coshocton City (10 Year Contract 2023-2033)
  - Must run a levy by 2029

- Beginning 2024 \$150,000
- Increases by 3% each year
- Ends 2033 at \$195,716 OR if a levy passes

- Medicaid Billing

- Fees for Service

Fees do not all remain local. Portions of the fees are remitted to other state agencies

1

# Expenses

## Personnel Costs

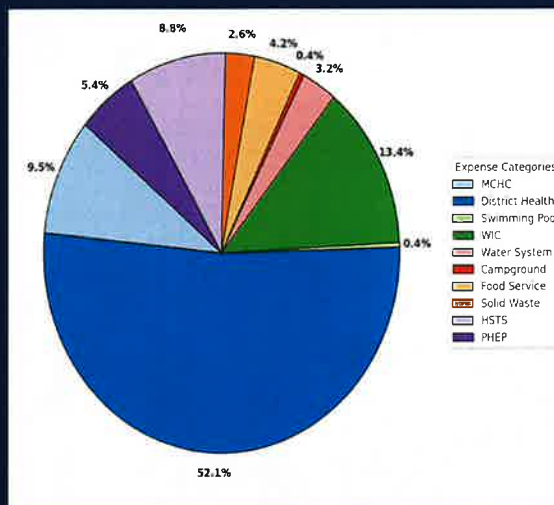

### Fees Paid To:

- Ohio Department of Health
  - Food
  - Sewage
  - Water
  - Vital Statistics
- Ohio Department of Natural Resources
- Ohio Environmental Protection Agency
- Ohio Department of Agriculture

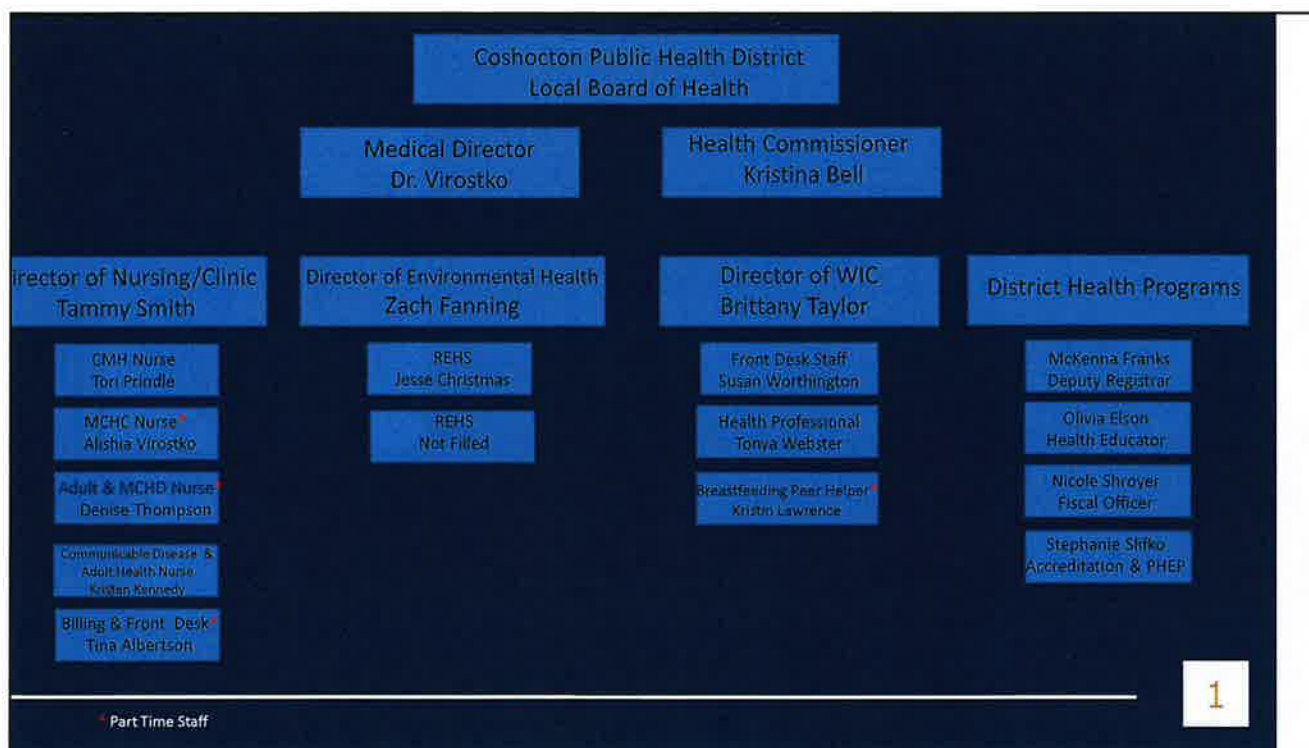

### Vaccines & Medical Supplies

### General Supplies

### Equipment Costs

# COSHOCTON PUBLIC HEALTH DISTRICT

## Sewage Operation and Maintenance Management Plan

3/11/2025

**Coshocton****Public Health**

Prevent. Promote. Protect.

637 Chestnut Street, Coshocton, OH 43812

[coshocounty.net/health/](http://coshocounty.net/health/)

(P) 740-622-1426

(F) 740-295-7576

## ORC 3701-29-19

In 2015, the Ohio Department of Health adopted rules setting up the regulation for local health districts to administer and develop an operation and maintenance sewage system program. These new rules mandated that ALL health districts develop and implement a local Operation and Maintenance program to ensure all systems in their jurisdiction are evaluated for regular maintenance and proper function.

- No additional funding provided by ODH

## ORC 3701-29-19

(STS operation and maintenance management, and system owner education)

Phase in PLAN for Management Program for all Prior installed Sewage Systems that have not received and Operation Permit.

### Years 1-5 (Phasing-In)

- Lots split (Access STS during lot split reviews)
- Investigation of sewage nuisance complaints/ Nuisance complaints
  - Loan inspection/certifications
  - Road file records
  - Service provider records
- (service provider inspections & pumping records submitted)

### Years 6-10

- Property Transfers

### Years 11-15

- Door to Door canvassing of remaining un-inventoried STS systems

3

## Initial Assessment

**NO** Charge for initial Assessment

Assessments will be inventoried into a STS data base with the Address, Location, and Type of System

Operation permit fee with a new installation - **\$50.00**

Renewal of Operation Permit after 5 years - **\$25.00**

### Permit General Provisions:

- \* **Maintain their systems so that a public health hazard is not created**
- \* **Each owner shall renew in the 5 year period (receive renewal in mail)**
- \* **Permits will be transferable upon the sale of a home**
- \* **Provide Proof of maintenance within that 5 year period (service provider inspections, & pumping records)**
- \* **Service Contracts - Will be required for any system with electrical components EX. UV, Aeration, or discharging permits (registered service provider)**
- \* **Homeowners with GRAVITY fed systems will not be required to have a service contract.**

4

## Examples of Documentation of Maintenance:

- Sewage Solids pumping
- Evaluating distribution boxes (rotating lines)
- Observing inspection ports
- Evaluating electrical components, pumps, UV bulbs (operational)
- Cleaning of effluent filters

5

Will I have to upgrade my system with this permit?

NO - If its not creating a nuisance, there's no need to fix it.

Why is this important?

Taking care of your system will increase the longevity and life of the system. Maintenance and up keep is important in the long run.

Costs can reach up to \$15,000 for a new system installation.

6

# Annual Report 2024

DISTRICT ADVISORY COUNCIL

KRISTINA BELL, MSHCS  
HEALTH COMMISSIONER

11 March 2025

## A NOTE FROM THE HEALTH COMMISSIONER

Our 2024 Annual Report provides an overview of the work our dedicated staff accomplishes to promote, prevent, and protect the health of our communities.

The Coshocton Public Health District is completing its second year since combining city and county departments into one. We strive to provide excellent services to our residents and grow to meet community needs. For Coshocton County's future of public health, we have focused on data to drive our programming.

Coshocton Public Health District enjoys providing community outreach at events and health fairs throughout the county and the monthly Coffee with a Doc program, sharing health and safety tips through social media and other media, providing care during 1,541 patient visits to our clinic, investigating 984 communicable diseases, serving 2,795 WIC participants, investigating nuisance complaints, inspecting 213 licensed food facilities, providing birth and death certificates to the community and working tirelessly on national accreditation which the State of Ohio requires.

We head into 2025 focused on continuous improvement. CPHD continues to seek alternate funding sources to enhance and strengthen our programming. See us in the community as we reach out to our partner organizations and leaders to help us meet our goals and further our progress toward making Coshocton County a healthier place.

As I focus on our strategic priorities of community engagement and satisfaction and organizational growth and improvement, I value your input and suggestions. I am grateful for the opportunity to lead CPHD's dedicated team in serving our community.

Sincerely,  
*Kristina Bell, MCHCS*  
Coshocton County  
Health Commissioner

## CPHD SERVICES

- Birth/Death Certificates
- Health Education/Promotion
- Public Health Emergency Preparedness
- Food Safety Program
- Animal Bite Investigations
- Camps, RV, and Recreational Parks Program
- Nuisance Control Program
- Public Swimming Pool Program
- Rabies Surveillance Program
- Solid Waste Program
- Tattoo and Body Piercing Program
- Water Safety Program (Well & Septic)
- Communicable Disease Reporting
- Immunizations
- Adult/Child Health Clinics
- Prenatal Clinic
- Complex Medical Help Program
- Women, Infants, and Children (WIC) Supplemental Nutrition Program
- Project DAWN (Deaths Avoided with Naloxone)
- Ohio Buckles Buckeyes (Car Seat) Program
- Prevent Blindness Program
- Southeastern Ohio Breast and Cervical Cancer Project

### MISSION:

"to ensure equitable access to care, prevent diseases, promote healthy behaviors and protect the well-being and health environment for all community members."

# PUBLIC HEALTH ACCREDITATION

## How it works:

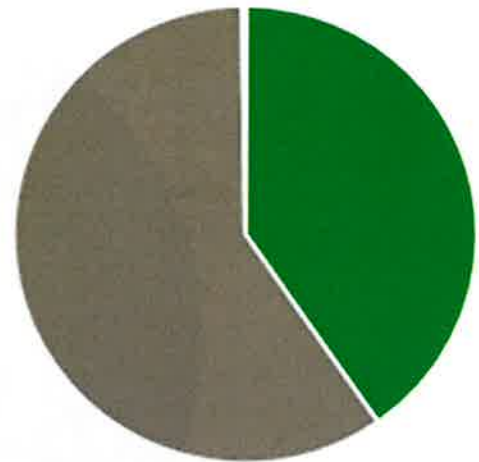

The Public Health Accreditation Board (PHAB) is the national organization that conducts accreditation. Applicants must demonstrate that they meet the standards for the 10 Essential Public Health Services. A peer review team assesses the application, including an in-person site visit. The PHAB Accreditation Committee decides whether to accredit the applicant. Accredited departments are accredited for five years. To maintain accreditation, departments must apply for reaccreditation when their initial accreditation expires.

Accreditation is mandated for Public Health Departments in the State of Ohio.

## Benefits of accreditation:

Accreditation demonstrates that health departments meet national standards. It shows that departments have the capacity to provide core public health services. It supports the goals of improved quality, accountability, and credibility.

## Overall Progress

- Overall Progress Collected
- Overall Progress Total

Overall Progress		
Collected	Total	% Complete
119	142	84%

## Coshocton Public Health District's Emergency Preparedness

The work of the Public Health Emergency Preparedness (PHEP) program is to strengthen the community's ability to prepare and respond to public health emergencies. We do this by working with other agencies, developing and practicing plans of action, monitoring and responding to unusual occurrences of diseases, training staff to be prepared to take action to protect the health and safety of the residents of Coshocton County and Provide information on how to prepare and respond to an emergency.

Coshocton Public Health District's PHEP Grant works with: Local Law Enforcement, Emergency Management Agency, Emergency Medical System, Fire Departments, Red Cross, County agencies, School Districts and Elected Officials.

## 2024 Overview

# ENVIRONMENTAL HEALTH

## What is a Public Health Nuisance?

The enforcement ability of Public Health is limited to conditions which threaten the public health. A condition may certainly be a nuisance to you, but it may not be a public health nuisance.

## Examples of a Public Health Nuisance Include:

- Garbage piled outside ● Stagnant water in a swimming pool ● Rodent and pest infestation ● Sewage failures ● Restaurant facility complaints ● Open burning/open dumping.

## Examples of Nuisances NOT Under Public Health Authority:

- Mold ● Unsecured structures ● Bedbugs ● Tall grass/weeds ● Junk ● Vehicles

## Top 3 Nuisance Complaints for 2024:

- Trash
- Sewage
- Roach/Bedbugs

# ENVIRONMENTAL HEALTH

## Home Sewage Treatment System Assistance Projects

During 2024 there were 5 individual households that were able to qualify for the Ohio EPA HSTS assistance program. Approximately \$70,000 in funds were used to replace and repair the failing septic systems in Coshocton County.

## 2024 PROGRAM HIGHLIGHTS

# HEALTH CLINICS

Adult Health Services	Total Number of Visits
Adult Health Visits*	886
Adult Immunizations	289
Adult Allergy Shots	213
Lab Draws	189
TB Skin Tests	138

\* A visit is when a patient comes in to the office to receive a service, a visit could include multiple different services.

Tracking it this way, allows us to track the number of patients we have served and also track the number of services we have provided, as the numbers do not correspond with each other.

MCHC Health Services	Total Number of Visits
Child Health Visits*	313
Child Immunizations	483
Child Allergy Shots	85
Lead/Iron Tests	29
Prenatal Visits	342
Pregnancy Testing	36

Blood Pressure checks  
249

Childbirth Education Classes  
17 Classes / 12 participants

  - Ultrasounds
  - Exams by CNM
  - Nutrition Counseling
  - Post-Partum Check Ups

**\*\*Requires Physician Order**

*The Ohio Healthy Homes and Lead Poisoning Prevention Program* provides public health lead investigations, case management, education, and lead data.

Lead can damage nearly every system in the human body, and has harmful effects on both adults and children. It is a serious environmental public health threat to children in Ohio.

OHLPPP addresses the needs of lead-poisoned children from birth to age 6. The program assists family members, medical care providers and other community members to reduce and prevent lead poisoning.

**50 - Elevated Lead Cases in Children of Coshocton County**
