637 Chestnut Street, Coshocton, OH 43812

(740) 622-1426 | (740) 295-7576 | [www.coshoctoncounty.net/health](http://www.coshoctoncounty.net/health)

## STEPS FOR HOMEOWNERS TO OBTAIN SEWAGE PERMITS

1. Property owners contacts a soil evaluator to obtain a "site and soil evaluation" that accurately describes the lot and soil characteristics.
2. Property owner takes site and soil evaluation report to a system designer who will design a sewage treatment system based on the site and soil evaluation and the homeowner's particular plans and needs.
3. The property owner then submits a "Site Review Application" along with both copies of the completed site and soil evaluation and the completed system design to the health department.
4. Health Department staff will review the application and accompanying information to determine whether the proposed plans are applicable and in compliance with the rules and regulations.
5. After the application has been approved, the property owner can then obtain an installation permit from the health department to have the sewage treatment system installed by a registered contractor.
6. After the system is installed, the installer and designer will provide an "as built record" and warrant that the system was installed according to the approved plan.
7. The health department will then inspect the installation and approve the as built record.
8. The property owner will be issued an operation permit to use the sewage system. Operation permits are valid for five years and must be renewed by the health department.
9. **Keep all records or pumping information** as part of the operation and maintenance tracking program. Recommend to pump every 2-3 years based on usage

<b>Present fees are:</b>	Site Review Application	\$170.00
	Septic Installation permits	\$500.00 (\$500 local fee, \$74.00 state fee)
		\$50.00 (Operation & Maintenance fee - 5 years)

Visit the Health District's website: [www.coshoctoncounty.net/health](http://www.coshoctoncounty.net/health), for a list of sewage contractors, soil evaluators, system designers and application forms.

### HOMEOWNER ACKNOWLEDGEMENT FORM

The owner of the property must sign and agree to the following requirements for HSTS Operations and Maintenance. Failure to sign this agreement does not excuse homeowners from meeting the applicable requirements and regulations as specified in Ohio Administrative Code (OAC) 3701-29 Sewage Treatment System Rules.

#### **ACKNOWLEDGEMENT OF REGULATIONS AND REQUIREMENTS FOR HSTS OPERATION AND MAINTENANCE:**

- I have been explained the household sewage treatment system options (including estimated cost, required maintenance, etc.) that I have available for HSTS installation. I have addressed any question that I have with my designer/installer and/or Coshcocton Public Health District Staff.
- I understand that all household sewage treatment systems must have an up-to-date O&M Permit and that I am responsible for the applicable maintenance on my HSTS at the frequency specified in my O&M Permit.
- I understand that if I do not demonstrate that I have completed the requirements of O&M permit and return the renewal notice and fee if applicable, at the end of a permit cycle the Coshcocton Public Health District may inspect my HSTS and I will be responsible for any associated inspection fee.
- Experimental (by variance) sewage treatment systems and holding tanks may be evaluated annually by Coshcocton Public Health District.
- An on-lot household sewage treatment system that has a mechanical pretreatment component is required to maintain a service contract with an authorized service provider for the lifetime of the HSTS. See O&M Permit for specific HSTS requirements.
- An Off-lot discharging household sewage treatment system is required to have an annual service contract with an authorized service provider for the lifetime of the HSTS.
- If applicable, a National Pollutant Discharge Elimination System (NPDES) permit issued for the HSTS must be maintained/renewed/transferred for the lifetime of the HSTS.
- If applicable, I understand that if I do not maintain my required service contract agreement for my HSTS the Coshcocton Public Health District may inspect my HSTS and I will be responsible for any associated inspection fees.
- Upon property transfer, information for required Operation and Maintenance, service contract, NPDES permit, and all other applicable information pertaining to my HSTS should be disclosed to subsequent homeowners.
