

Announcement:

National Quality Improvement Center for Collaborative Community Court Teams (QIC-CCCT) Site Selection

The National Quality Improvement Center for Collaborative Community Court Teams (QIC-CCCT) to Address the Needs of Infants, Young Children, and Families Affected by Substance Use Disorders is pleased to announce the selection of 15 demonstration sites. These sites were selected through a competitive and rigorous application process. Each site demonstrated the readiness and commitment to improve outcomes for infants and families affected by substance use disorders and prenatal substance exposure. With the assistance of dedicated Training and Technical Assistance Change Teams, demonstration sites will design, implement and test new and innovative approaches that meet the requirements of the Comprehensive Addiction and Recovery Act (CARA) amendments to the Child Abuse Prevention and Treatment Act (CAPTA) and that better meet the needs of infants and families. Evaluation findings and lessons from demonstration sites will provide the field and local courts across the country with valuable information on the most effective multi-system strategies and approaches to improve the way in which parents and caregivers and their children are served.

The QIC-CCCT demonstration sites are:

- Oklahoma Department of Mental Health and Substance Abuse Services
 - Oklahoma County Family Drug Court
 - Okmulgee County Family Drug Court
 - Tulsa County Family Drug Court
- Yurok Tribe for Northern California Tribal Court Coalition
 - Humboldt County – Yurok, Hoopa Valley and Karuk Tribe
