Southeastern Ohio Legal Services

The Coshocton County Family Law Clinic is hosted monthly by Court Partners and serves individuals with limited income by providing access to attorneys for brief advice related to civil filings. Cases including custody, divorce, visitation and other issues related to the General and Juvenile Domestic Dockets are served. Southeastern Ohio Legal Services screens clients and assists local attorneys to provide this service. Nine area attorneys served 12 clinics and 32 qualified clients of the 32 screened in 2022. Additional clients received assistance through legal services contracts with Capital University and the Juvenile Court Help Center.

PROGRAMS & SERVICES FOR YOUTH

Collaboration, community partners and evidence-based programming to assist with rehabilitation and competency development lend to better outcomes for families. Below are some areas in which the Court provides services...

Truancy & Unruly: (4-6 months) Progress on attendance and behaviors which led to system referral.

Delinquency Diversion: (4-6 months) Progress and completion is determined by completing contract goals and educational programming. Parental involvement is critical and also a community service component is included along with school performance and behavior monitoring.

Probation: (6-18 months) Youth on probation range from misdemeanor or felony offense youth that are on specialized probation due to the nature of the offense or other mental health or addiction needs.

Diversion Services: Unruly, truancy, or first –time delinquency charges are considered diversion eligible after incremental interventions do not succeed. Services may include: contracts, community service, curfew, apology letters, alternative school referral, mental health assessment, parental & youth educational sessions, drug screening & assessment, domestic violence programming, texting and sexting programming, and a host of other services based on needs assessment and case planning by diversion and truancy staff. Ohio Youth Assessment and Staff survey monitoring are a portion of the quality assurance.

Clinical Assessment: Assessments for specialized sex offender treatment, intensive treatment program updates, competency, amenability, restoration to competency are available for youth.

Electronic Monitoring: GPS Technology allows the Court to track youth in real time with these devices, and 3 units are owned by the Court. In addition, traditional electronic monitors are owned by the Court for monitoring through a traditional telephone system.

Drug Testing: Portable units for instant alcohol testing, instant device drug testing, and laboratory services are for youth, adults, and other cases monitored by the Court.

Probation Services: The Ohio Youth Assessment System is one tool that is used to determine the level of probation supervision. Considerations include: offense seriousness, community risk factors, treatment services needed, and compliance monitoring. Probation Services generally include: community service, curfew monitoring, school attendance and achievement, treatment compliance, drug testing, specialized probation for youth with high risk behaviors, including sexual, violence and drug or alcohol issues. Regular court case reviews are held for specialized cases. High Fidelity Wrap-around and Case Management is available for family supports.

Traffic Seminar: Developed for juvenile traffic violations: includes a presentation about distracted driving, impaired driving and consequences of poor decisions. A local presentation and state trooper facilitate discussion for parents and youth to participate in this mandated program for traffic offenders.
