Mr. Jason Given, County Prosecutor, Mr. Mike LaVigne and Mrs. Mary Tufford attended the meeting. Mrs. Tufford had requested previously that the Commissioners consider her request for internet access at the Hopewell Industries Building. Mr. Lee stated that after much discussion on this issue, and have come to the conclusion that as a local government we should not be in competition with other internet companies. Therefore the County will decline her ability to get internet through the county. We do not feel we should be in direct competition with a private company that will be able to provide this for her. Mr. Shryock asked if it would be viable for Ms. Tufford to get her system up and running in 3 ½ months. Mr. LaVigne stated that she should be able to complete this. Mrs. Tufford stated that she understands and is trying to prioritize what needs to be done because 74 people depend on the decisions that are being made today. This might not be what she wants to hear, but at least she knows and can start making her plans. The Commissioners thanked her for attending. Mrs. Tufford then left the meeting. The Commissioners then had more conversation with Prosecuting Attorney, Jason Given. It has been decided that from this date forward, the Commissioners will only allow other governmental entities on our internet system.
