combining the Coshocton County Health District with the City of Coshocton Health Department. He stated that he has arranged for someone to come to the City of Coshocton to give information on the process. He stated that the City, the Health District and the District Advisory Committee (DAC) must all agree to combining. He stated that he is going to try and get the DAC together to vote on this issue. He stated that he is asking for the Commissioners support to move this forward. He stated that if the City is not willing to combine he is looking at a ballot issue and if it goes to that he would like to have it in the November General Election. The Commissioners all stated that they are in agreement that these entities combine and they also thanked him for moving this issue forward.

He then stated that he would like to have a Bocce Court for the seniors at the Senior Center. He asked what the process would be to move this request forward. Mr. Lee stated that the Commissioners do not have an issue with them putting this activity in place. However, he will need to work with Kno-Ho-Co, who manages the Senior Center and the programs for the County, to determine if they have funding for this.
