Coal Miners Memorial

Mr. Sam Bennett attended the meeting to discuss the continued selling of the bricks at the Coal Miners Memorial. To date, all the original brick space has been utilized. Mr. Lee stated that they asked him to come in to discuss the issue of needing additional space. He stated that they have determined a solution which will add approximately 46 more bricks. Mr. Lee stated that in the process of getting funding for the memorial, the Commissioners allowed him to sell bricks to businesses and private individuals to get to his goal. Mr. Lee stated that at this time they would like him to change this process and only sell bricks to miners from Coshocton County. Mr. Bennett asked if they would consider expanding the bricks out to the statue and surrounding it with bricks. Mr. Lee stated that they would like to stay with the original format and asked if Mr. Bennett has enough funds in his account to expand the bricks to go around each side an additional time on the sidewalks. Mr. Bennett stated that he did have the funding. Mr. Fischer stated that he feels we just need to redirect the sales of the bricks at this time for mines or at the request of the family of miners only in the future. Mr. Bennett then stated that he feels it is very important to have a brick laying ceremony for the placement of these bricks. He stated that this is a way for each family to get together with other miner families and remember how it used to be. Mr. Fischer then asked if there is room on the monument for additional deceased miners to be placed on the actual monument. Mr. Bennett stated that there is additional room for this. Mr. Shryock then asked how many bricks are out there now that are not local miners. Mr. Bennett stated that he would guess right around a dozen or so. Mr. Shryock then stated that if we limit it to local miners, then it would make those additional bricks last much longer. He asked if this is something we should do in the future. Mr. Bennett stated that he would start that process immediately and only allow those individuals that were local miners in Coshocton County to acquire bricks in their names. Mr. Lee stated that as far as the remaining funding that he has in his account, that once this funding runs out, then the County will maintain the monument. The Commissioners thanked him for attending.
