OSU Update

Ms. Emily Adams and Ms. Jenny Stricker, OSU Extension attended the meeting to update the Commissioners on what is going on at OSU Extension. Ms. Adams stated that they are asked every 5 years for a needs assessment of the community and this was initiated last summer. She stated that they had close to 500 responses and she reviewed the results of the needed programs. She stated that the survey looked at current programs and new programming and what residents valued and enjoyed about extension. She said they have determined the need for a Consumer and Science Educator. Ms. Adams stated that she will be fulfilling this role and they will be advertising for a new Ag and Natural Resources Educator to take her position. They will also be hiring a part-time Program Assistant as well. Ms. Stricker stated that it is actually better for them to hire an Educator instead of a Program Assistant as the Educator position is paid by Federal and State Funds. The Commissioners congratulated Ms. Adams on her new position and wished her well. Ms. Stricker then reviewed the numbers for 4-H and she stated that they reached right around 1300 children. She feels the numbers are looking good for this year as well. Ms. Adams then gave an update for the Ag and Natural Resources Programs. She reviewed that January, February and March are their biggest months for programs. She touched on the Farm Transition Program they had 33 people attending that represented 21 families. She had the traditional Pesticide and Herbicide training as well. Extension also presented a Ginseng Training. The Commissioners thanked them for attending.
