BOE Cyber Security

Mrs. Stephanie Slifko, Board of Elections and Mr. Mike LaVigne attended the meeting to discuss a Cyber Security Directive that was sent out by the Secretary of State. Mrs. Slifko discussed the Cyber Security Directive from the Secretary of State. She stated that they are to enroll in a Cyber Security training put on by the Secretary of State. They required that they bring an IT person with them from the County. She has invited IT to attend on July 12, 2018 and they wanted to make certain it is acceptable with the Commissioners that they attend. She then stated that the Secretary of State will be doing a fishing campaign and a vulnerability scan. She stated that the Commissioners will need to sign off on the State's ability to do this. Mr. LaVigne stated that we have done this in the past and have had no issues. He stated that this is something that we need to have done anyway and there will be no cost to us for doing this. Mrs. Slifko stated that the fishing scan will take 6 weeks and once we receive the results we have until mid-October to put in place a plan of corrective action for anything they will find. Once they get all the paperwork completed, the Commissioners will need to sign the agreement permitting the scan. The Commissioners thanked everyone for attending.

TR 51& CR 3 Vacation Request – Bedford Township

Mr. Jason Given, County Prosecutor and Mr. Tony Jaqua attended the meeting to discuss the vacation request of the Bedford Township Trustees for the vacation of what people are calling a town square. Mr. Given stated that there is no real clear status as to what this area is. Mr. Given stated that he and the County Engineer have discussed this and they determined that it could possibly be considered a continuation of the road right of way. Mr. Lee stated that he has a concern as this is not part of the road and the Ohio Revised Code states that you can vacate all or a portion of a roadway. We are not getting rid of any roadway in this case. Mr. Fischer stated that he wants to make sure that whatever we do it will solve the issue in the future. Mr. Given stated that he will look at this a little more and make certain what we are trying to do will stand up in the future. He stated that he will get back with them soon. The Commissioners thanked him for attending.
