Level 2 Snow Emergency Discussion

Ms. Valerie Shaw, CCCTA Director attended the meeting to discuss the Level 2 Snow Emergency. Mr. Shryock stated that he thought about this and feels that we should not run the shuttle when there is a level 2. However, the employees would be required to come to work and do what is needed to be done while not driving. However, if an employee does not want to come in they would have the ability to take vacation, comp-time or no pay. This way it will allow those employees that need that pay to come to work and earn the monies. Ms. Shaw stated that is pretty much what she would like to do. As Mr. Shryock stated she believes they should not run at all if there is a level 2. She would require the drivers to come in at 10 am and have a professional day. She stated this would allow the office staff to get into the office and prepare something for the drivers to do for that day. Mr. Fischer asked what she would do with employees that have already shown up before the level 2 was called. Mr. Lee feels like they should not send them home, but keep them there for the training, unless they would rather go home and not get paid for the full day. Mr. Shryock stated that he feels they should pay them for 2 hours as that is what other departments under the Commissioners authority do. Ms. Shaw stated that she will go back down stairs and tweak the policy and send it back up for approval on Wednesday.

Discussion – Fresno Lift Station

Mr. Frederick T. Wachtel attended the meeting to discuss the Fresno Lift Station. General discussion then followed.
