Recycling and Litter Prevention Update

Mrs. Tammi Rogers attended the meeting to give a Quarterly Update on the Program. She presented the Commissioners with Recycling Site Update on the poundage to date. The numbers through June are up 3% over 2019 at this time. The total poundage is 280,640 pounds of recycling to date in 2020 from the Recycling sites we have in the county. The Schools and County Offices are down 16% this year. This is to be expected with the schools closed and County Offices closed. She stated that while she had intermittent work hours in March and April she created new signs for the Recycling Sites stating that the recycling should not be put in plastic bags. They have noticed a decrease in this since the signs have been in place. She reviewed her educational out-reach as well. The Commissioners thanked her for her update.

Ms. Susie O'Brein – Secretary LaRose Office

Ms. O'Brein, Central Ohio Liaison for the Secretary of State called in to give an update on Secretary LaRose's Office. Mr. Lee asked if the plan is to have a full election or will it be mail-in and paper only. Ms. O'Brein stated that they are planning on a full election and will be supplying funding for the additional Personal Protective Equipment, overtime and staffing for early voting and cleaning supplies as well as additional training for the poll workers. She stated that this is a difficult time for their office. The Commissioners thanked her for her update.
