Conkle                                yea  
Fischer                                absent

Discussion-EMS

Mr. Todd Shroyer and Mr. Ty Stewart, Coshocton EMS attended the Commissioners Meeting. Mr. Shroyer spoke about their staff shortage. He stated that they are currently down one Paramedic and this is not a local issue this is happening all over Ohio. Surrounding Counties have resulted to increasing pay rates to keep staff from leaving and going to neighboring communities to do the same job. Currently 45% of EMS runs are for non-transport calls. Non-Transport calls consist of lift assist, auto –accidents without injury and diabetic calls. All non-transports are non-billable which results in no revenue for the EMS Service. Mr. Stewart spoke about a program that they would like to implement to reduce some of the Non-transport calls. The program is called Community Risk Reduction. This program would reduce the runs and it would also help educate patients on their illness and provide them with access to services that would help them resolve on going issues and to eliminate hospitalization. If this program was implemented it would save EMS money and free up Ambulances for emergency calls. Mr. Shroyer feels that the funding is the major issue along with finding a qualified candidate. Mr. Shryock asked if they had a budget. Mr. Shroyer stated that it would take approximately \$100,000 per year for a full time position. Mr. Shryock stated that when Mr. Fischer returns from vacation they will have them back for further discussion on this matter.

Executive Session-EMS

At 9:42 a.m. Mr. Shryock made a motion, seconded by Mr. Conkle to go into executive session with Mr. Todd Shroyer and Ty Stewart to discuss personnel matters. All vote aye. No action taken. At 9:50 a.m. the meeting was returned to regular session.
