EMS-Billing RFP/RFQ

Mr. Todd Shroyer and Ms. Kayla Chapman, Coshocton EMS attended the meeting to discuss the RFP/RFQ for their Billing. Mr. Shroyer started his discussion by talking about EMS billing from 2008 on, for a period of 10 years billing was done outside big box billers. This led to many problems including lack of communication, collection percentages and missed billing opportunities. After two failed outsourcing attempts with billing agencies, the decison was made to bring billing in house to be completed by an EMS employee in the office. However, with that employee now retiring the issue becomes finding another qualified candidate to hire in that position. With the ever-changing rules regarding EMS billing, the determination to send out RFP/RFQ was made to find a qualified company to take over the billing operations. Seven companies sent in proposals, three of which were local/smaller long-standing companies. Ms. Chapman presented a spreadsheet showing the three local companies with their evaluations and cost comparisons. MedBill Resources out of Newark is who Ms. Chapman recommended, this in part is due to their ongoing employee trainings, resources for training Coshocton County EMS employees to document vital information for more accurate billing and references. Mr. Shryock and Mr. Conkle both are in favor of reaching out to MedBilling Resources to start the contract application.
