Public Hearing-TR 441, Petition of Mr. Troy Spang

At 9:00 a.m. Mr. Shryock opened up the Public Hearing for the vacation of TR 441, located on property of Troy E. Spang and Jennifer K. Spang, beginning at the end of the maintained portion of TR 441, approximately 740 feet, North and ending at the Virginia/Jackson township line. This petition is being submitted under ORC 5553.042, being that is as been abandoned and not in use for more than 21 years. The following people were in attendance: Mr. Josh Kempf, Deputy Engineer, Mr. Terry Cox, Mr. Zacharysz, Mr. Troy Spang and Mrs. Jennifer Spang. Mr. Shryock began by opening the floor to Mr. Spang for any comments as he is the petitioner; to which, Mr. Spang stated all information for the vacation of this township road is out there in the file and he believes what he is asking for as land owners is not a land dispute between two people, or he would not be asking for this vacation. All he is asking for is to vacate a portion of the road that is on his property alone, additionally, if Mr. Cox wanted to develop his property in the future, he could open up a road with the help of the township trustees. Mr. Spang does not think he is asking for anything out of the ordinary as he just would like to protect his property from things that may or may not happen down the road. Mr. Shryock asked if Mrs. Spang had any comments, and her only comment is this has been an almost year long process and she believes that ORC is clear and she does not think there should be such an issue. Mr. Cox stated this has nothing to do with the Spang's personally, he just wants to keep his options open to develop his land down the road, if he or his children choose to do so. Mr. Cox does not want to close that road. With that said, Mr. Spang stated that you (Mr. Cox) can still open a road in the future if you want with the help of the township. Mr. Shryock asked Mr. Zacharysz to state his opinion to which he said, "the whole road needs to be vacated, not just a portion". Mrs. Beck did address Mr. Zacharysz to let him know that he can re-petition for a road vacation again, as he tried to vacate the road in 2006. Mr. Shryock mentioned that the correct legal process was not followed in 2006 for the vacation and now that we have the law interoperated by our Prosecutor and Attorney General he could refile. Mrs. Alverson gave him he flow-chart of the rules (that the County Engineers office put together) as to how to vacate a road. Mr. Kempf stated the Engineer's office still has the same position as before, they believe the road should be vacated. Additionally, Mr. Kempf told Mr. Cox that he can re-open the road in the future if he wanted to with a private road subdivision, which would have less requirements for development. Mr. Shryock asked Mr. Cox, if TR 441 is vacated would you still have access to your land? To which, Mr. Cox said, "yes". Mr. Cox just is concerned about being land locked, to which it was stated he would not be. Mr. Conkle and Mr. Fischer did not have anything to add. Mr. Shryock wanted the minutes to state that neither townships (Jackson and Virginia) were in support of this road vacation. Statutory, due to ORC (Ohio revised Code) the first section says we should not vacate a road unless there is support by the township trustees, then the property owner can file under section B and that is why we are here. The County Engineer's Office is in support of this vacation, as the road has not been utilized in over 100 years. Additionally, there has been no communication from the township (s) about re-opening the road and bringing it up to standards. If Mr. Cox who owns the property currently has no intentions to open the road and bring it up to standards, however he does have a process to this if he decides to do so in the future. If Mr. Cox had no other way into his property, the vote could have been different.
