Ms. Alex Nelson, Litter and Recycling Director presented the Commissioners with a year end review for her department. As of 2023 the county is no longer taking their recyclables to Kimble due to changes in the contract for additional sorting fee, instead, the county recyclables are going to Parco in Perry County. Parco does not charge the county for this service, as Parco is part of our Solid Waste District (Coshocton, Fairfield, Licking and Perry) In 2023 the County will exceed its tonnage in recyclables, this is without the December numbers yet as well. Additionally, 400 tires were removed from the County Barn by Liberty Tire, these tires were collected by Mr. Mike Carroll during the 2023 year. Mr. Austin Savage, vehicle maintenance has been able to offer more services to Litter and Recycling, in servicing the two packer trucks, which has been a huge savings to the Ms. Nelsons department. Looking forward to 2024, Ms. Nelson stated she will continue to use Parco Services for her recyclables, the feedback from Parco has been good as they are happy with the how clean are recyclables come into the facility. This year, Ms. Nelson will offer new programming that will be more geared towards school age children with new pamphlets. WestRock in Columbus is still accepting our cardboard, the tonnage on cardboard is increasing as well. Two bins were added to Ridgewood Schools this year, however two were also removed from the closing of Conesville School as well. Lastly, conversations with the public in regards to bin placements have been favorable and bins will continue to stay in the same locations for the 2024 year.

COMMISSIONER'S JOURNAL

Wednesday

Regular

January 3, 2024

Mrs. Robin Schonauer, Budget Director

Mrs. Robin Schonauer, Coshocton County Budget Director briefly discussed the General Fund Budget that she currently is working on for the 2024 calendar year. Currently, neither of the courts have court ordered their budgets, between the two (2) courts-Common Pleas, Juvenile/Probate and Municipal Court their budgets combined is 2.6 million dollars. The general fund budget for 2024 could potentially be 17,804,855.00. Mrs. Schonauer is hoping for additional revenue for the 2025 calendar year. The General Fund and Non-general Fund budgets should be set by the end of January and at that time Mrs. Schoenauer will give an update of those final numbers for the 2025 year.

Coshocton Public Health District

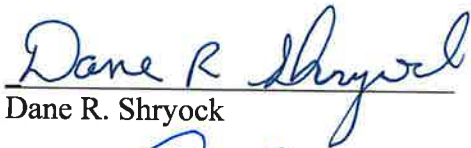

At 10:00 a.m. Mrs. Debbie Eppley was introduced to the Commissioners as the new Health Commissioner for the Coshocton Public Health District. Also, in attendance was Mr. Don Wells, Vice-President of the Coshocton Public Health Board Member and Mrs. Olivia Elson, Public Health Educator. Mr. Don Wells started off by stating that the Commissioners have worked with the Health Department very well in the past, from the Covid Clinic to the new Health Department Facility and he just wanted to take the time to bring in the newest employees at the Health Department. Additionally, he wanted to extend a thank you to the Commissioners for all commitment to the Health Department. Mr. Wells introduced Olivia Elson as the Health Educator and Debbie Eppley as the Health Commissioner. Mr. Shryock stated that board has felt the importance of public health, this truly came to light during COVID and today's world travel. Mr. Shryock also stated that the City, County and the DAC (District Advisory Committee) worked together to combine the health district and to make the services more efficient and easier for the community. Mrs. Elson stated that she comes from the private sector, working in a hospital setting and is greatly excited for this big change and looks forward to learning more about the job and working closely with the community to help educate all ages of society. Additionally, Mrs. Elson said this is a great time to be in public health and she looks forward to working in her community, which is her passion. Mrs. Eppley stated she is a long-time nurse who has worked in the public in the past, in Holmes County. Mrs. Eppley is looking forward to dialing back a bit and reconnecting with the community. She is looking forward to working with her new team, as they all work together to make the community and county better. Mr. Shryock mentioned that not everyone realizes how far out the public health needs reach: from children, water wells, septic's, etc. Additionally, Mr. Shryock stated that the Board of County Commissioners have no over site of the county health, however the Commissioners believe in public health. Once the COVID clinic was ran out of the old Hopewell Building, the need to separate the Health Department from other entities was realized and that was the starting conversation to potentially move the health department. In closing Mr. Shryock wished the two new Health Department employees well and let them know to reach out to the Commissioners office if any needs arise. Mrs. Eppley thanked the Commissioners for their time and said in closing she likes a good challenge and this job will bring her back to things she can touch and allow her to be more personable in the community. Mrs. Elson stated in closing that she is thankful for this opportunity and looks forward to expanding her knowledge and see what all she is capable of doing, she is excited to work with the public and look at the bigger picture for the better of the community.

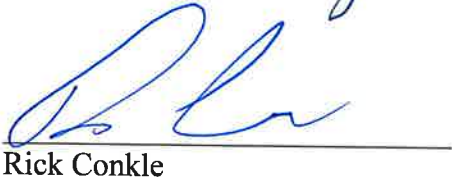

Meetings Attended
