Public Hearing, Renewal of ½ % Sales Tax

At 9:00 a.m. Mr. Shryock opened the Public Hearing with the following people present: Mr. Dane Shryock, Mr. Gary Fischer, Mr. Rick Conkle, Mrs. Brooke Alverson, Mrs. Mary Beck, Mr. Graham Beaumont, WTNS, Mr. Garney Lawson, Mr. Bob Bigrigg and Mr. David Wiley. Mr. Shryock welcomed everyone in attendance, and began by stating this hearing is for the renewal of the ½ % sales tax, this will be the 4th time the sales tax has been renewed. Additionally, he also stated this sales tax brings in roughly 2.4 million dollars for the criminal justice system, currently the criminal justice system in Coshocton (Sheriff, Prosecutor, Public Defender, Juvenile-Probate and Common Pleas) have a combined budget for nearly 7 million dollars, which is the largest portion of the general fund budget. 57 other counties in Ohio also have this sales tax in place. Mr. Shryock opened up the floor to the public for comment: Mr. Lawson stated he is in attendance to learn and become educated as well about the sales tax. Mr. Lawson asked if the sales tax in question would benefit the build of the new Justice Center. Mr. Shryock spoke in depth about the sales tax that was put on the ballot in 2021 and effective in 2022 that was specifically put in place for the Justice Center build (construction only of jail portion, not administration or salaries), additionally, he also stated that once the bonds are paid in full for the Justice Center the sales tax will come off, by law. Mr. Shryock also spoke of all the grant funding that was received for the justice center build, along with the sale of the Hydrological Station to help lessen the burden on the tax payers. Mr. Lawson, thanked Mr. Shryock for helping to clarify things. Mr. Wiley began by thanking the Commissioners for all the work they do, he realizes the position they are in publicly, he also appreciates the job the Commissioners do to allocated funds, which is not an easy job. Mr. Wiley views sales tax as a volunteer tax, stating citizens have the discretion to purchases due to sales tax. Mr. Wiley believes the taxes paid are numerous with gas and income, taxes are like a lean on our life. Mr. Wiley believes God is trying to send a message to the population in general, if you continue to live your life without me and go your own way, I will take your liberty away. Mr. Wiley realizes taxes are undesirable, however sales taxes are a voluntarily in their root. Mr. Conkle stated that Mr. Wiley had a good point on sales tax, it a choice as to what you buy. Mr. Shryock spoke to Mr. Wiley about his family and business and how thankful he is to have them in the Coshocton Community. The Wiley Corporation offers good paying jobs in this community, which in turn helps support other businesses locally, the Wiley Corporation are looked at very well in the community. A sales tax is not something the Board of Commissioners likes to do. If the sales tax is not put on, the bigger picture needs to be looked at, who does it effect and the trail down the road. Mr. Wiley stated it would be helpful in the future if people knew exactly where the taxes go with the money received. Lastly, he stated a little more communication out of the Commissioner's office would be helpful, Mr. Lawson agreed with statement as well-stating he would like to see better communication as well. Mr. Shryock closed the Public Hearing at 9:30 a.m., the next Public Hearing will be Wednesday, June 26th at 10:00 a.m.

Mrs. Emily Marrison, OSU Extension Levy Discussion

At 10:00 Mrs. Emily Marrison and Mrs. Jenny Strickler with the OSU Extension Office attended the Commissioners meeting to ask permission to go on the ballot this fall for a renewal of their .4 mill OSU Extension Levy. This levy was first put on the ballot in 2009 and failed, and then was tried again in 2010 which passed. This levy is up for renewal every five (5) years and is placed on the ballot. The Commissioners gave the go ahead to move forward with the ballot information for levy in question.

Mr. Jed McCoy, Prevention, Retention and Contingency Plan Update Discussion

At 11:00 a.m. Mr. Jed McCoy, DJFS Director attended the Commissioners meeting to discuss the Prevention, Retention and Contingency Plan Update. McCoy began the discussion stating the need was overwhelming to updated this plan, as many items and languages needed revised. First, he stated the lifetime was taken out of the plan and updated with a 12-month rolling time frame. Rent needs can be looked at on a limited basis. Additionally, funds to send those to CDL school or STNA classes can be covered under different programs to help the community be more self-sustaining. A huge issue locally is childcare, Mr. McCoy has funds to help assist families with summer childcare needs for day-camps, etc. He was happy to speak about a new day-care that will be opening in Coshocton soon, and how he was able to use funds to help cover the cost of back-ground checks as well as CPR classes. Mr. McCoy is working hard to utilize all the funding that Coshocton County receives, if funds are not used then they are given back to the state and issued to other counties. Mr. McCoy stating that JFS is catching up with the times and community needs, he is trying to give those who have needs a hand-up, not a hand-out to get them off of the system. Mr. Shryock stated that the daycare needs are very noticeable in the county and are a huge issue. Mr. McCoy is being creative in ways to spend the TANF funds, and wanted to share these changes with the Commissioners before he finalized these plans with the state. Mr. Shryock appreciates Mr. McCoy’s initiative, and thanked him for his dedication. Mr. McCoy stated in closing that he wants to positively impact the community.
