## Viewing, Cooper Street-Jefferson Township

At 10:00 the Commissioners attended the Viewing of Cooper Street in Jefferson Township with the following people present: Mrs. Brooke Alverson, Clerk, Mr. Dane Shryock, Commissioner, Mr. Gary Fischer, Commissioner, Mr. Rick Conkle, Commissioner, Mr. John Hartsock, Township Trustee, Mr. Bob Bigrigg, Mrs. Ada Leaman, Mr. Lawrence Leaman, Mr. John Kackley and Mrs. Cathy Kackley. Mr. Hartsock stated that the township had thought the alley was already vacated, after finding out it was not-they began the process to start the petition. Mr. Shryock has concerned about a few lots that could potentially be land-locked if the alley is vacated. Mr. Kackley stated that he will be purchasing the lots beside his property (Mr. Foster's lots) later on this week, and would be in favor of the vacation. Mr. Kackley asked Mr. Shryock's advice on this vacation and Mr. Shryock stated that the Board of Commissioners can not give out advice, however he did state that if the alley is not vacated it will remain open to the public. General discussion was had among those in attendance, the public hearing will be on July 22, 2024 in the Commissioner's office.

**Ms. Wendy Dillingham, 6-month Insurance Review**

At 11:00 a.m. Ms. Wendy Dillingham, from CEBCO attended the Commissioners meeting to discuss the First Quarter 2024 Report for Coshocton County. Currently YTD Coshocton County has a loss ratio of 59.3% for medical, 134.4% for RX, which equals out to 70.6% med/rx, 87.0% for dental and 70.9% for vision. The 12-month loss ratio for the county is as follows: 89.3% medical, 124.6% RX, with a combined 95.9% med/rx, 103.4% dental and 79.4% vision. Coshocton County currently has 567 members enrolled on the plan, 258 which are employees. The high-cost claimants (claims over \$50,000) make up 33.5% of the dollars spent for this time-period. There are 8 high-cost claimants so far this year. The top ten medications represent 164 scripts of the total 5,600. They represent 64.6% of the county's spend for this time-period. The average cost of the top ten medications is \$3,090 for 30 days. The average cost for the other 5,436 prescriptions is \$51 for 30 days. Most medications filled by Coshocton County members are for generic medications filled at retail. CEBCO is paying close attention to the medications in the GLP-1 category, this category of medications is the fastest growing and having the greatest impact on cost. These include: Ozempic, Trulicity, Mounjaro and Wegovy which appear on your top ten medication spend list. There are strict criteria in place for members to receive these medications. Inpatient facility utilization has Akron General Medical Center as the top dollars spend for this time period and Genesis Healthcare System is the most utilized facility. Outpatient facility utilization has Genesis Healthcare System as the top dollar spend for out-patient services with 314 claims for services. Coshocton County members had 191 visits to the ER, 177 of those visits did not result in admission and of those visits 101 were identified as avoidable; meaning treatment would have been better served in an Urgent Care or Physician's Office. As of January 2025, Ms. Dillingham will be retiring and Coshocton County will have a new benefit specialist. Mr. Shryock thanked Ms. Dillingham for her time.
