Executive Session-Security of Buildings

At 9: 50 a.m. Mr. Fischer made a motion to go into executive session to discuss building security, seconded by Mr. Conkle. In this executive session meeting was Mr. Michael LaVigne, IT Director, Mr. Cameron Tidrick, IT Support, Mr. Bob Bigrigg, Commissioner Elect (2025) invited to attended this session by Chairman Shryock, Mrs. Robin Schoenauer, Budget Director and Mrs. Mary Beck, County Administrator/Project Manager. All Vote Aye. At 10:10 a.m. Mr. Shryock returned the meeting to regular session. No action taken.

Mr. Robbie McMasters, EMA Director-County Siren Discussion

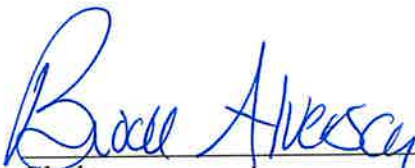

Mr. Robbie McMasters, EMA Director attended the Commissioners meeting to discuss the County Wide Siren System as Chuck Selders, public citizen wanted to discuss the possible need for additional sirens in the county. Currently there are nine (9) sirens in the county, all but three (3) of these sirens are around 20 years old. Mr. Shryock stated he feels as if there is not a lot of consistency in the past as to how/who is responsible for the upkeep and maintenance of each siren. Only one (1) of the sirens is a county asset, this is the siren located on Cambridge Road. Mr. McMasters stated that each siren is tested monthly and contact is made with each representative for the siren to make sure they are all functionable. JD Johnson completes the needed maintenance on the county tower. Mr. Shryock questioned if the sirens should all be under the county for a consistent set of maintenance and upkeep. Mr. Shryock also questioned if sirens are still needed so much with the present technology, are other counties still putting up new towers? Additionally, Mr. Shryock asked how the sirens are funded, are there possible state grants for additional towers to be installed. Mr. McMasters believes each siren cost roughly \$20, 000-\$30,000 each. Mr. Shryock would like for Mr. McMasters to find out if there are grant funds available for new sirens, as well as to reach out to surrounding counties as to how they are funding new sirens. Mr. McMasters believes that he may be able to add an addendum to the hazard mitigation plan to purchase additional sirens if the need truly is there. Even as technology grows, not everyone has a cell-phone on them at all times, and many times older citizens in the community do not carry phones as well as in the Amish community. Mr. Shryock asked that Mr. McMasters stay after the meeting to discuss more in depth sirens in the outlining areas of the county with Mr. Chuck Selders.

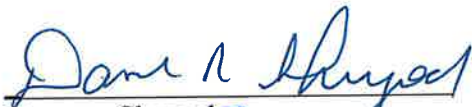

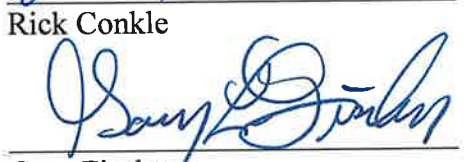

Meetings Attended

Mr. Dane Shryock and Mr. Gary Fischer both attended the annual Fair Board picnic on Monday, August 19th. Additionally, Mr. Shryock and Mr. Fischer had a meeting with OhioTT on Tuesday, August 20th.

Adjourn

Mr. Shryock adjourned the meeting at 3:00 p.m.
