Zoom Call with CCAO -House 335

The Coshocton County Commissioners held a discussion with representatives from the County Commissioners Association of Ohio (CCAO) regarding House Bill 335. Attendees included Dan Baker, Kyle Petty, and John Leutz from CCAO, along with Coshocton County officials Rusty Dreher and Lynn Powelson. Commissioner Shryock conveyed the Board's strong concerns about the potential impact of House Bill 335 on Coshocton County. He emphasized that, should the bill pass, the County could face a \$2.7 million revenue loss due to the elimination of inside millage—resulting in the potential layoff of approximately 30 employees. Mr. Kyle Petty thanked the Commissioners for submitting written testimony for the House Ways and Means Committee hearing held earlier that day. He noted that many counties across Ohio share similar concerns. CCAO, in collaboration with other organizations, has formed a coalition and submitted a letter to the Governor opposing the bill. Petty emphasized that if the legislation is placed on the ballot, voters are unlikely to approve an additional 1% sales tax to replace the lost revenue. The Ways and Means Committee accepted written testimony but invited only a limited number of individuals to provide oral testimony. Both the County Commissioners Association of Ohio and the County Auditors Association of Ohio presented their concerns at the hearing. Dan Baker reported that on Monday night, several bond counsels submitted a letter to legislators outlining the constitutional and financial issues that would arise if counties are unable to meet their debt obligations due to the elimination of inside millage. He indicated that this communication may have gained the attention of some key decision-makers. Mr. Shryock inquired whether there was a possibility that the proposed amendment would be withdrawn without a vote. Mr. Petty expressed doubt that the bill would be enacted before the legislative summer recess, however some items could be pulled and approved by committee. Mr. Petty also noted that, in addition to affecting counties, House Bill 335 proposes eliminating the 20-mill floor for school districts—an issue that has raised significant concern. While there are a few potentially positive elements in the bill, such as adding a County Commissioner to the Budget Commission, the opposition to the elimination of inside millage is widespread. He stressed that this provision will face a difficult path forward and reiterated that many organizations have publicly opposed the bill. Commissioner Shryock thanked them for attending.

Adjourn

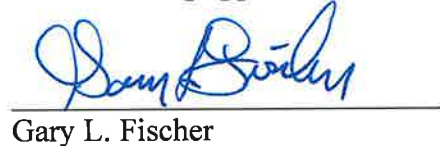

Mr. Shryock adjourned the meeting at 12:00 p.m.
