MEMORIAL DAY WE WILL NOT FORGET

Once again, we were able to have a full Memorial Day service and parade, and everything went smoothly. We had forty-nine parade participants from a variety of different groups and organizations. Director/County Veterans Service Officer, Doug Schaefer, emceed the services following the completion of the parade route. Pastor Joel Mason, with Pleasant Hill Baptist Church, provided the invocation to open the service. Next, our featured speaker, Sheriff Chris Walters, Sheriff of Coshocton County Sheriff's Department, spoke on what Memorial Day means to him. Ronda Hobbs, a retired USMC 1LT Range Officer, read the forty-nine names of our fallen veterans from the previous twelve months while Fred Hobbs, a retired US Army Special Forces Veteran, rang the bell for each veteran as their names were read. As the bell rang, Scout Troop 403 and Scout Troop 1447 placed flags along the front of the Court Square. Once the final bell had rung, the Memorial Wreath was placed by: Larry Mizer—Vietnam War Veteran, and Larry Pew—Vietnam War Veteran, both from Warsaw. The Coshocton County Honor Guard then fired a three-volley salute to honor our fallen comrades. When the final volley fell silent, Coshocton High School Marching Band Members, Gavin Griffiths and Jordynn Frye, directed by Barry Hardesty, played TAPS to signal that our services were coming to a close. Pastor Joel Mason then closed out our services with the benediction.

The Coshocton County Honor Guard members conducted 17 Military Funerals during April, May, and June. Veterans honored for their service are listed below.

VA makes it easier for Veterans to use community care

FOR IMMEDIATE RELEASE

May 19, 2025 11:00 am

Access to non-VA care no longer requires secondary approval

WASHINGTON – The Department of Veterans Affairs announced changes that will make it easier for VA-enrolled Veterans to access health care from non-VA providers at the department's expense.

Since 2019, the MISSION Act has enabled VA-enrolled Veterans to access health care from non-VA providers at the department's expense when it is in their best medical interest. These decisions have been made jointly by Veterans and their referring clinicians but were not considered final until they were reviewed by a second VA doctor.

Effective immediately, VA will implement language in the [Senator Elizabeth Dole 21st Century Veterans Healthcare and Benefits Improvement Act](#) that removes this extra review step. The change will give eligible Veterans faster access to community care.

"Under President Trump, VA is providing Veterans with more health care choices than ever before," aid **VA Secretary Doug Collins**. "Now, we're making it even easier for Veterans to get their health care when and where its most convenient for them. We are putting Veterans first at the department, and that means placing a premium on customer service and convenience. This important change will help us do just that."

Background

Since 2019, the MISSION Act has given eligible Veterans the option of seeking community care outside VA when they meet any one of six conditions:

- When it is in the best medical interest of the Veteran.
- The care required is not available at a VA medical facility.
- The Veteran lives in a state or territory that does not have a full-service VA facility
- VA cannot meet wait time or distance standards:
 1. VA cannot offer an appointment within 20 days for primary care, mental health or non-institutional extended care, or within 28 days for specialty care.
 2. It takes more than a 30-minute drive to reach primary or mental health care, or a 60-minute drive for specialty care.
- VA service does not meet certain quality standards.
- The Veteran meets the grandfathered distance and location provisions of the former Veterans Choice Program.

The new, streamlined process for determining best medical interest will be backed by training for Veterans Health Administration employees to ensure compliance with the Elizabeth Dole Act.

VA announces major survivor benefits reforms

FOR IMMEDIATE RELEASE

May 5, 2025 10:12 am

WASHINGTON — The Department of Veterans Affairs announced a three-pronged approach to eliminate barriers and streamline the process for how eligible survivors and dependents of deceased Veterans and servicemembers apply for and receive VA benefits and services.

Specific improvements include:

- Starting this month, VA's Office of Survivors Assistance will be moved from the Veterans Benefits Administration to the Office of the VA Secretary, reversing a Biden-era decision that buried OSA under layers of bureaucracy.
- Starting this month, VA will create a "white-glove" survivor outreach team to guide and assist eligible survivors throughout their Dependency and Indemnity Compensation (DIC) claims process.
- Starting immediately, VA will begin work to identify areas where automation can be used to make the DIC claims process easier to navigate for survivors.

"The last thing survivors need in their time of grief is frustrating red tape and bureaucracy. That's why we are creating a better system to more quickly and effectively provide survivors the services, support and compassion they've earned," said VA Secretary Doug Collins.

Relocating OSA

In 2021, the Biden administration moved OSA from the Office of the VA Secretary to the Veterans Benefits Administration, creating a siloed system at odds with the intent of the Veterans' Benefits Improvement Act of 2008. Starting this month, VA will reverse this decision and move OSA to the Office of the VA Secretary, where a staff of five full-time employees will advise the Secretary on all matters related to the policies, programs and legislative issues affecting survivors and dependents.

"White-Glove" Survivor Outreach Team

Under previous administrations, there were gaps in the survivor claims system and no defined outreach process for VA employees to gather information from survivors navigating the benefit process. VA's "White-Glove" Survivor Outreach Team will begin operations in May 2025 and consist of experts based out of the Philadelphia VA Regional Benefit Office. These experts will receive specialized training and guide and assist eligible survivors throughout every step of the DIC claims process with the goal of getting to "yes" on DIC claims decisions for eligible survivors.

Automation Improvements

VA now automates more than 1,000 DIC claims payments or adjustments per day and is in the process of ongoing enhancements to increase automation that will expedite survivors' claims and improve their experience. VA will also be identifying additional areas where automation can be used to make all benefits delivery processes easier to navigate for eligible surviving dependents.

Philadelphia to Host 250th Anniversary Celebrations for the U.S. Navy and Marine Corps

This fall, Philadelphia—birthplace of both the U.S. Navy and Marine Corps—will serve as the official site for a week-long national celebration marking the 250th anniversaries of both military branches. Dubbed Homecoming 250, the event will feature a series of ceremonies, parades, performances, and tributes from October 9 - 16, with an additional Marine Corps birthday commemoration on November 10th.

A Return to Where it All Began

The U.S. Navy and Marine Corps were both founded in Philadelphia during the Revolutionary War. Independence Hall and nearby landmarks will serve as key backdrops for the commemoration, honoring the legacy of those who served then—and those who serve now.

Highlights of the October events include:

- **Parade of Ships on the Delaware River (Oct. 9):** Active Navy vessels, historic ships, and Coast Guard Cutters will sail into port, kicking off the week's activities.
- **Public Ship Tours (Oct. 9–15):** Visitors will have the opportunity to tour a range of military vessels, including the historic battleship New Jersey and submarine Becuna.
- **Live military performances and ceremonies (Oct. 9–16):** Enjoy exhibitions by the Marine Corps Silent Drill Platoon and music by Navy and Marine Corps bands across Independence National Historic Park.
- **All Veterans Reunion Picnic (Oct. 12):** An inclusive event for veterans of all branches and eras, featuring camaraderie, resources, and service organization booths on Independence Mall.
- **Victory at Sea Concert (Oct. 12):** A patriotic musical performance by the U.S. Navy Band and Marine Drum & Bugle Corps.
- **Memorial service at Christ Church (Oct. 13):** A solemn remembrance for Navy and Marine Corps service members who gave their lives.

Inspiring the Next Generation

As part of the outreach to youth, the 250th Salute to Youth Parade (Oct. 13) will honor ROTC, NROTC, JROTC cadets, and Naval Academy midshipmen—highlighting young people on the path to military service. The aim is to raise awareness about service opportunities at a time when the armed forces are facing nationwide recruitment challenges.

Marine Corps 250th Commemoration (Nov. 10)

The Marine Corps will mark its 250th birthday in a series of events centered on its historic roots:

- **Independence Hall Ceremony (Nov. 10):** With remarks from senior leaders in the Navy and Marine Corps.
- **Tun Tavern Site Tribute (Nov. 10):** A celebration of the Marine Corps' birthplace, including a look at reconstruction efforts of the original tavern location.
- **100th Marine Corps Birthday Ball (Nov. 10):** Held in the same hotel ballroom where the very first official Marine Corps Ball took place in 1925.

Why it matters for Veterans and Families- These commemorations aren't just about honoring the past—they're also a reminder of the strength, resilience, and values that continue to define the U.S. military. For Veterans, this is an opportunity to reconnect with their service branch, meet fellow veterans, and share the significance of their stories with younger generations.

Plan Your Visit- Events are open to the public, and many are free. Some larger activities, including sporting events and formal galas, may require tickets. For the latest schedule and details, visit homecoming250.org.

The Founder of Senior Veterans Administration Services (SVAS), SVAS, and Four SVAS Employees Indicted for Scamming the Department of Veterans Affairs of Approximately \$20 Million in Fraudulent Benefits

CLEVELAND – Cuyahoga County Prosecutor Michael C. O'Malley announced that a Cuyahoga County grand jury has returned an indictment charging Senior Veterans Administration Services (SVAS), SVAS founder, Richard Rompala, 64, and four SVAS employees, Carolina Riemer, 72, Karen Kral, 47, Gina Ayala, 61, and Mary Lou Griffin, 68, for exploiting elderly veterans and scamming the Department of Veterans Affairs out of approximately \$20 million in fraudulent benefits.

Richard Rompala founded the Senior Veterans Administration Services (SVAS) to act as a charitable organization assisting veterans. SVAS would contact veterans, inform them of their free service, and let them know they are eligible for benefits—which they were not. SVAS would falsify documentation to make the veterans eligible and send falsified documents to the Department of Veterans Affairs. The Department of Veterans Affairs would provide SVAS with financial benefits. SVAS, through a separate entity, would either demand direct payment or a large percentage of the benefits before releasing the remainder to the veterans. The investigation was conducted by the Department of Veterans Affairs, Office of Inspector General, the Ohio Attorney General's Office, and the Ohio Department of Commerce.

On June 13, 2025, Richard Rompala was arrested by the Collier County Sheriff's Office in Naples, Florida. This case is part of Operation No VA SCAMS (No VA "Service-Connected Account Manipulation"), a nationwide initiative led by the Department of Veterans Affairs Office of Inspector General in collaboration with federal and state prosecutors, including the Cuyahoga County Prosecutor's Office, to combat fraud and other unlawful conduct committed by predatory claims companies or individuals against veterans and VA. Entities involved in these schemes often are unaccredited and make false or fraudulent promises to obtain or increase a veteran's VA benefits while demanding direct payment or a portion of the veteran's benefits in exchange.

On June 10, 2025, Richard Rompala was indicted on the following charges: two counts of engaging in a pattern of corrupt activity, one count of conspiracy, one count of aggravated theft, one count of telecommunications fraud, three counts of prohibited acts and practices for charities, two counts of tampering with records, one count of money laundering, seven counts of filing incomplete/false/fraudulent returns, and one count of grand theft.

On June 10, 2025, SVAS was indicted on the following charges: two counts of engaging in a pattern of corrupt activity, one count of conspiracy, one count of aggravated theft, one count of telecommunications fraud, three counts of prohibited acts and practices for charities, and two counts of tampering with records.

On June 10, 2025, Carolina Riemer was indicted on the following charges: one count of attempted receiving stolen property.

On June 10, 2025, Karen Kral was indicted on the following charges: one count of aggravated theft, one count of telecommunications fraud, and two counts of tampering with records.

On June 10, 2025, Gina Ayala was indicted on the following charges: one count of tampering with records, and once count of receiving stolen property.

On June 10, 2025, Mary Lou griffin was indicted on the following charges: one count of tampering with records.

They will be arraigned at the Cuyahoga County Justice Center at a later date.

Going to an accredited VSO is imperative for you and any benefits YOU'VE EARNED. A good VSO will assist in your claim work and help you obtain credible evidence from medical providers outside of the VA. Claim sharks, will take your money, file anything, and make everything more difficult in the long run. Fraud in the one finding that the VA will sever any rating/benefit for, no matter how long ago the decision was made. Before filing a claim, make sure you have good/solid evidence. VA Fraud is very real and people who will take advantage of you are out there.

DON'T FEED

THE SHARKS

We define a "Claim Shark" as anyone who:

- **Charges hefty fees** to "guide, assist, advise or consult" veterans with filing or appealing their VA benefit claims — this practice is illegal!
- Asserts they are an "expert" or "guardian" but **evades the professional and ethical standards of VA accreditation** — their advice can be misleading or even fraudulent!
- **Hooks you** — once you're in, you can't get out and may be subject to new and hidden fees whenever you get a new rating — no matter who does the work!

Some of their predatory practices include:

- Claiming they are an "insider" or have inside information to fast track or maximize your VA disability rating.
- Touting better outcomes because you are paying for services.
- Advertising faster VA claims decisions.
- Requesting login credentials to access sensitive personal information through government websites like VA.gov.
- Using confusing tactics or ambiguous language to mislead claimants or coerce them into signing a contract.
- Telling veterans to forego VA exams and offering health consultations within their own network of doctors.

Here is how veterans can help protect themselves:

- Always ask **"Are you accredited with VA?"**
- Insist on signing a VA Power of Attorney before agreeing to any other terms and conditions.
- Refuse to sign legal waivers of your right to accredited representation.
- Never agree to contingent payments based on your future benefits.
- Avoid medical exams or opinions from doctors affiliated with consultation companies.
- Always attend exams ordered by VA.
- Never provide access to private and secure systems or personal information.
- Always ask **"If I have to appeal VA's decision, will you still help me?"**

Who is **NOT** a Claim Shark?

- VA accredited veterans service organization representatives, like VFW's Accredited Service Officers.
- Private VA accredited agents.
- VA accredited attorneys, to include pro bono law clinics.
- All those who turn up here when searched:
www.va.gov/ogc/apps/accreditation.

Who are the Claim Sharks?

We used to list the usual Claim Sharks, but it began reading like a phone book. By this point you know the type — all charm up front, hidden fees in the back.
